Art Unit: 1742

1. The Examiner has carefully considered Applicant's Response of 2/15/05. The TD filed 2/15/05 overcomes the prior double-patenting rejection. At this time, the Examiner makes a new rejection necessitated by Applicant's amendment.

2. Claims 1-22 are rejected under 35 U.S.C. 103(a) as being unpatentable over EP0601804A1 (EP'804) in view of Kimura et al.

EP'804 discloses the invention substantially as claimed. EP'804 discloses a titanium alloy comprising:

alloying elements selected from a group comprising Zr up to 10% and Mo up to 15 % (see col. 3, line 39) and other additional alloying elements as claimed by Applicant and substantially overlapping those as claimed by Applicant, one of ordinary skill determining the amount of selected alloying elements based on the overall composition. One of ordinary skill expected utility throughout the selected range of alloy elements.

However, EP'804 does not disclose wherein additional alloying elements selected from a group comprising Bi in an amount of 0.01-1%

Kimura et al. teaches to add additional alloying elements selected from a group comprising Bi in an amount of 0.01-1% (col. 5, line 9, and see Examples 10, 11 and 32) in the same field of endeavor for the purpose of improving the machinability of the formed alloy.

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
